Janet,

As you are aware for the last five (5) years I have experienced a difficult work environment. After the disappointing findings of my grievance and complaints, and the continuance of a hostile work environment; for my health and well-being I have decided to retire sooner than I had planned, effective August 1, 2019. For the past eleven (11) years I have enjoyed my work as a Parole/Probation Officer however, management has made it impossible for me to continue as an employee of the Columbia County Department of Community Corrections. I will return all property belonging to the department on or before July 31, 2019.

Sincerely,

Patsey Sadler
